

DESIGNED FOR PRACTICAL DAILY USE

Claims Practitioner in Workers' Compensation is a 24 module certification program developed to meet the needs of emerging claims practitioners.

This unique program offers comprehensive training in the foundation principles required to become a certified California WC Claims Adjuster *and* provides the required 120 classroom hours.

Presented at a practical desk level, this curriculum provides learning tools such as case studies as well as soft skills and technical applications.

Choose a specific track:

Indemnity
Medical Only
Medical Bill Review

Or mix and match individual modules on an a-la-carte basis.

CPWC is the perfect starting point for emerging workers' compensation professionals and an ideal supplement - or refresher - for candidates who are taking the WCCA certificate.
